

*Quality of Life in DeKalb*

## Amenities at the DeKalb County Airport

**The DeKalb County Airport (GWB)** is a Corporate Class Regional Airport with ILS and LPV approaches with minimums of 200' ceilings and ½ mile visibility. The airport is currently extending its 5,000' runway to 7,100' with pavement work starting in May of 2023. We take pride in treating every customer with respect and urgency, whether they fly a Cessna 152 or a Global Express. We use a plow/broom combination for snow removal on runways and taxiways for the best possible winter operations experience. We are fully fenced with dual credential enterprise-class access control. We pride ourselves on being a safe, efficient, and cost effective environment for aviation in NE Indiana. Our motto is, *"We're ready when you are."*

**Sweet Aviation** is the full-service FBO located on the airport. They offer helicopter and fixed wing flight instruction, fixed wing, and helicopter charter (Cirrus Vision Jet and Pilatus PC-12, Leonardo 109SPs, Airbus H125 and 130).

At Sweet Aviation, our motto is to *"always do the right thing"* and with that comes the undeniable hospitality of the Midwest.

Our courteous and knowledgeable staff offers a variety of services and amenities to make your experience at the DeKalb County Airport not only as comfortable as possible, but also memorable.

- Providing Superior Service - With a well-trained team and all the appropriate equipment at our disposal, Sweet Aviation is ready to serve you and your aircraft. So, whether you are flying home or just making a pit stop, our dedicated team offers top-notch assistance and expertise.
- Concierge Services - Our facility has everything you need for your home away from home. Sit back and relax in our Pilot Lounge, equipped with electric recliners and 70-inch flat screen TV with surround sound. We also have a kitchen for your use with a microwave, refrigerator, and dish washer as well as a laundry facility and a shower room. Sweet Aviation Concierge at the DeKalb County Airport offers the following services:
  - Rental Cars, Crew Cars, Preferred Hotel Rates, Catering, Lavatory Services, O2 & Nitrogen, GPU, Pilot Supplies, Heated Hangar Rental, Complimentary High-speed Internet, Cappuccino & Hot Chocolate, Coffee & Tea, Soft Drinks & Water, Snacks, Ice Machine
- Fueling - Partnered with Avfuel, we provide fast and convenient fueling services – ensuring you are always ready to fly.
- Hangar Rental - Overnight or long-term, our climatized hangar is available to rent and provide you with peace of mind knowing your aircraft is protected.
- Service & Maintenance - Trust our passionate and experienced team of technicians to care for and maintain your aircraft whether it's fixed wing or helicopter.

**Paratus Air** is also located on the airport campus providing helicopter charter, flight school for fixed wing and helicopter, fixed and rotorcraft maintenance. They are a Robinson Helicopter Service Center.
